Projects

- **Board**   Live Link | Github
  - Board is a modern whiteboard application designed for productivity and creativity.
  - Features include an intuitive canvas, toolbar, layering, and coloring system.
  - Real-time collaboration capabilities allow multiple users to work together seamlessly.
  - A robust database supports the application's functionality.
  - Integrated authentication ensures secure access control for users.

  Language and Packages: Next.js 14, Tailwind CSS, ShadcnUI, Liveblocks, Convex, Zustand, Clerk, Typescript.

- **RDashboard**   Live Link | Github
  - RDashboard is a robust administration interface with full authentication capabilities.
  - It includes a customizable dashboard and robust table functionality for efficient data management.
  - CRUD operations are seamlessly integrated into the interface.
  - A Kanban board feature enables users to visualize and manage tasks effectively.
  - RDashboard enhances productivity, promotes data accessibility, and facilitates real-time collaboration.

  Language and Packages: Refine, AntD, GraphQL, React, Typescript

- **Global Grocery Store (UI/UX Project)**   Prototype Link | Figma File Link
  Global Grocery Store is a precisely planned mobile UI/UX project made in Figma that aims to revolutionize the mobile grocery purchasing experience on a worldwide scale. This project is dedicated to creating a user-centric interface that values usability, accessibility, and visual appeal.
  Figma File Include: Design System, Mobile Design, Site Map.

Skills

React JS, Next JS, Typescript, JavaScript, CSS, HTML, Tailwind CSS, Firebase, Supabase, Convex, SASS, ShadcnUI, Redux, Refine, Figma, Web and App Design.

Experience

- **Entrepreneurship:**
  Founder of DoSmartStudy
  - The vision behind doSmartStudy was to pioneer a transformative platform eliminating student stress over study materials and exams.
  - Our platform seamlessly manages every aspect, alleviating stress for students.
  - As the founder, I led design, development, and marketing efforts.
  - Despite unforeseen outcomes, the journey enriched me with invaluable insights and growth opportunities.

Education

- Quest Group of Institution
  Bachelor of Technology in Computer Science
  Mohali, Punjab, India
- R.D Junior College
  Higher Secondary (Physics, Chemistry, Mathematics)
  Digboi, Assam, India
